NORTHERN TERRITORY OF AUSTRALIA

Planning Act - sections 54 and 55

DEVELOPMENT PERMIT
DP15/0400

DESCRIPTION OF LAND THE SUBJECT OF THE PERMIT

Lot 01287
Lot 01288
Lot 01295
Lot 01296
Town of Darwin
1 MONTORO CT, LARRAKEYAH
2 MONTORO CT, LARRAKEYAH
8 PACKARD PL, LARRAKEYAH
7 PACKARD PL, LARRAKEYAH

APPROVED PURPOSE

To use and develop the land for the purpose of changes to DP14/0362 replace an existing motel with 20 x 2 bedroom (dual key) serviced apartments in a 6 storey building, resulting in the development of 28 x 2 and 14 x 1 bedroom serviced apartments in an 8 storey building, 20 x 2 bedroom serviced apartments in a 6 storey building, plus 48 x 2 bedroom multiple dwellings in a 13 storey building, plus ground level and 3 basement levels of car parking, in accordance with the attached schedule of conditions and the endorsed plans.

VARIATIONS GRANTED

Clauses 6.5.3 (Parking Layout), 6.6 (Loading Bays) and 7.3.1 (Additional Setback Requirements for Residential Buildings Longer than 18m and for Residential Buildings Over 4 Storeys in Height) of the Northern Territory Planning Scheme.

BASE PERIOD OF THE PERMIT

Subject to the provisions of sections 58, 59 and 59A of the Planning Act, this permit will lapse two years from the date of issue.

DENIS BURKE
Delegate
Development Consent Authority

17/1/2015
DEVELOPMENT PERMIT
DP15/0400

SCHEDULE OF CONDITIONS

CONDITIONS PRECEDENT

1. Prior to the endorsement of plans and prior to the commencement of works (including site preparation), the applicant is to prepare a schematic plan demonstrating all stormwater can be collected on the site and discharged to Council’s stormwater drainage system, to the requirements of City of Darwin, to the satisfaction of the consent authority.

2. Prior to the endorsement of plans and prior to the commencement of works (including site preparation), the applicant is to prepare a traffic impact assessment report prepared in accordance with the Austroads document ‘Guide to Traffic Management Part 12: Traffic Impacts of Developments’. The report must outline changes that will be required to the surrounding road network and address vehicular, pedestrian, cyclist and public transport issues and opportunities, and is to include swept paths for waste collection vehicles entering and exiting the site. The report is to be to the approval of the City of Darwin, to the satisfaction of the consent authority.

3. Prior to the endorsement of plans and prior to the commencement of works (including site preparation), the applicant is to prepare an Environmental Construction Management Plan (ECMP), to the requirements of the City of Darwin, to the satisfaction of the consent authority. The ECMP is to address how construction will be managed on the site, and is to include details of the haulage of excavated and new materials, traffic management for construction vehicles, fencing and hours of construction.

4. Prior to the endorsement of plans and prior to the commencement of works (including site preparation), in principle approval is required from the City of Darwin for the provision of any awnings within the road reserve, to the requirements of the City of Darwin to the satisfaction of the consent authority.

5. Prior to the commencement of works (including site preparation) a waste management plan in accordance with Council’s Waste Management Policy is required to be submitted, to the requirements of the City of Darwin, to the satisfaction of the consent authority.

6. Prior to the commencement of works (including site preparation), the applicant is to prepare a dilapidation report covering infrastructure within the road reserve to the requirements of the City of Darwin.

GENERAL CONDITIONS

7. The works carried out under this permit shall be in accordance with the drawings endorsed as forming part of this permit.

8. An Occupancy Permit under the Building Act shall not be granted until such time as Lots 1287, 1288, 1295 and 1296, Town of Darwin, have been consolidated and a new title issued in respect of that consolidated allotment.
9. All works recommended by the Traffic Impact Assessment report are to be completed to the requirements of the City of Darwin, to the satisfaction of the consent authority.

10. All existing and proposed easements and sites for existing and required utility services must be vested in the relevant authority for which the easement of site is to be created.

11. Any developments on or adjacent to any easements on site shall be carried out to the requirements of the relevant service authority to the satisfaction of the consent authority.

12. The owner of the land must enter into agreements with the relevant authorities for the provision of water supply, drainage, sewerage facilities and electricity, and telecommunication networks to the development shown on the endorsed plan in accordance with the authorities' requirements and relevant legislation at the time.

13. The kerb crossovers and driveways to the site approved by this permit are to meet the technical standards of, and be at no cost to the City of Darwin, to the satisfaction of the consent authority.

14. The owner shall:
   (a) remove disused vehicle and/or pedestrian crossovers;
   (b) provide footpaths/cycleways;
   (c) collect stormwater and discharge it to the drainage network; and
   (d) undertake reinstatement works;
   All to the technical requirements of, and at no cost to, the City of Darwin, and to the satisfaction of the consent authority.

15. Before the use or occupation of the development starts, the areas set-aside for the parking of vehicles and access lanes as shown on the endorsed plans must be:
   (a) constructed;
   (b) properly formed to such levels that they can be used in accordance with the plans;
   (c) surfaced with an all-weather-seal coat; and
   (d) drained;
   to the satisfaction of the consent authority.
   Car spaces, access lanes and driveways must be kept available for these purposes at all times.

16. No fence, hedge, tree or other obstruction exceeding a height of 0.6m is to be planted or erected so that it would obscure sight lines at the junction of the driveway and the public street.

17. Before the use/occupation of the development starts, the landscaping works shown on the endorsed plans must be carried out and completed to the satisfaction of the consent authority.

18. The landscaping shown on the endorsed plans must be maintained to the satisfaction of the consent authority, including that any dead, diseased or damaged plants are to be replaced.

19. All air conditioning condensers (including any condenser units required to be added or replaced in the future) are to be appropriately screened from public view and from view of neighbouring or nearby developments (or developments reasonably anticipated), located so as to minimise thermal and acoustic impacts on neighbouring properties and condensate disposed of to ground level in a controlled manner to the satisfaction of the consent authority. The use of angled louvered slats for screening purposes is acceptable, however the slat screening must be designed with a panel to gap ratio, such that the condenser units are not readily visible from any angle.
20. All balconies are to be internally drained and discharge is to be disposed of at ground level and in a manner consistent with stormwater disposal arrangements for the site to the satisfaction of the consent authority.

21. Storage for waste disposal bins is to be provided to the requirements of the City of Darwin, to the satisfaction of the consent authority.

22. Soil erosion control and dust control measures must be employed throughout the construction stage of the development to the satisfaction of the consent authority.

23. Each dual-key dwelling is to remain within the one unit entity (single ownership/single title) in the event that the development is unit titled.

NOTES

1. The Power and Water Corporation advises that the Water and Sewer Services Development Section (landdevelopmentnorth@powerwater.com.au) and Power Network Engineering Section (powerconnections@powerwater.com.au) should be contacted via email a minimum of 1 month prior to construction works commencing in order to determine the Corporation's servicing requirements, and the need for upgrading of on-site and/or surrounding infrastructure.

2. Notwithstanding the approved plans, all signage is subject to City of Darwin approval, at no cost to the City of Darwin.

3. Notwithstanding the approved plans, any proposed works (including landscaping and structures) within Council's road reserve and Council land is subject to Council's approval and shall meet all Council's requirements, to the satisfaction of the General Manager of Infrastructure, City of Darwin and at no cost to Council.

4. The City of Darwin has provided advice to the applicant in relation to requirements for the provision and protection of street trees, shoring and hording adequacy for adjoining properties, and building identification requirements.

5. The Environment Protection Agency of the Department of Lands, Planning and the Environment advises that construction work should be conducted in accordance with the Agency's Noise Guidelines for Development Sites. The guidelines specify that on-site construction activities are restricted to between 7am and 7pm Monday to Saturday and 9am to 6pm Sunday and Public Holidays. For construction activities outside these hours refer to the guidelines for further information.

6. Approval must be submitted to the Department of Defence for any cranes used during construction that will infringe on either the Obstacle Limitation Surfaces (OLS) or Procedures for Air Navigation – Operations (PAN-OPS) surfaces for Darwin Airport.

7. Separate approval may be required from the Department of Defence under regulation 10 of the Defence (Areas Control) Regulations (DACR). Until such time as an approval is obtained the applicant is not to construct any structure on the site that exceeds 45m above ground level. Please refer to regulation 8 of the DACR, which outlines the application process and the information required. A copy of the regulation can be obtained at http://www.comlaw.gov.au.
8. The developer is required to contact 'Dial Before You Dig' on 1100 to obtain a location of the Telstra Network and arrange for any relocation if required. The Telstra contact for relocation work is the Network Integrity and Compliance Group on 1800 810 443.

9. You are advised to contact the relevant service provider prior to construction works commencing in order to determine the relevant telecommunication network servicing requirements for the development, including the potential requirement to provide fibre ready telecommunication facilities.

10. Any proposed works which fall within the scope of the Construction Industry Long Service Leave and Benefits Act must be notified to NT Build by lodgement of the required Project Notification Form. Payment of any levy must be made prior to the commencement of any construction activity. NT Build should be contacted via email (info@ntbuild.com.au) or by phone on 08 89364070 to determine if the proposed works are subject to the Act.

11. The Environment Protection Authority advises that under section 16 of the Water Act, a person must not cause water to become polluted. The proponent must ensure that any pit-water to be discharged from the development is sufficiently treated to ensure that any receiving waterway (including any underground stormwater system) is not polluted.
