NORTHERN TERRITORY OF AUSTRALIA

Planning Act - sections 54 and 55

DEVELOPMENT PERMIT
DP14/0362

DESCRIPTION OF LAND THE SUBJECT OF THE PERMIT

Lot 01287
Lot 01288
Lot 01295
Lot 01296
Town of Darwin
1 MONTORO CT, LARRAKEyah
2 MONTORO CT, LARRAKEyah
8 PACKARD PL, LARRAKEyah
7 PACKARD PL, LARRAKEyah

APPROVED PURPOSE

To use and develop the land for the purpose of Changes to DP13/0895 to allow changes to the number of dwellings and an increased building height (building 1) resulting in refurbishment of the existing motel plus 28 x 2 and 14 x 1 bedroom serviced apartments in an 8 storey building plus 8 x 3, 36 x 2 and 4 x 1 bedroom multiple dwellings in a 13 storey building, plus ground level and 3 basement levels of parking, in accordance with the attached schedule of conditions and the endorsed plans.

VARIATIONS GRANTED

Clauses 6.5.3 (Parking Layout), 6.6 (Loading Bays) and 7.3.1 (Additional Setback Requirements for Residential Buildings Longer than 18m and for Residential Buildings Over 4 Storeys in Height) of the Northern Territory Planning Scheme.

BASE PERIOD OF THE PERMIT

Subject to the provisions of sections 58, 59 and 59A of the Planning Act, this permit will lapse two years from the date of issue.

Delegate
Development Consent Authority
3/7/2014
DEVELOPMENT PERMIT
DP14/0362

SCHEDULE OF CONDITIONS

CONDITIONS PRECEDENT

1. Prior to the endorsement of plans and prior to commencement of works (including site preparation), amended plans and further information to the satisfaction of the consent authority must be submitted to and approved by the consent authority and must include:

   a) Provision of one additional loading bay on the site located such that it can service all uses on the property and that complies with the minimum dimensions specified in Clause 6.6 (Loading Bays). This loading bay is to be provided in addition to the existing loading area approved through DP13/0895 and as amended through this permit;

   b) Removal of the alfresco areas shown to be provided within the Smith Street road reserve (controlled by the City of Darwin); and

   c) Confirmation from Power and Water Corporation that the sewer easement has been appropriately extinguished or relocated. This is to be undertaken to the requirements of Power and Water Corporation, to the satisfaction of the consent authority. Following extinguishment/relocation of Power and Water Corporation's sewer easement, a new survey plan will need to be obtained from the Land Titles Office and issued to the consent authority.

2. Prior to the endorsement of plans and prior to the commencement of works (including site preparation), the applicant is to prepare a schematic plan demonstrating all stormwater can be collected on the site and discharged to Council's stormwater drainage system, to the requirements of City of Darwin, to the satisfaction of the consent authority.

3. Prior to the endorsement of plans and prior to the commencement of works (including site preparation), the applicant is to prepare an Environmental Construction Management Plan (ECMP), to the requirements of the City of Darwin, to the satisfaction of the consent authority. The ECMP is to address how construction will be managed on the site, and is to include details of the haulage of excavated and new materials, traffic management for construction vehicles, fencing and hours of construction.

4. Prior to the endorsement of plans and prior to the commencement of works (including site preparation), the applicant is to prepare a traffic impact assessment report prepared in accordance with the Austroads document 'Guide to Traffic Management Part 12: Traffic Impacts of Developments'. The report must outline changes that will be required to the surrounding road network and address vehicular, pedestrian, cyclist and public transport issues and opportunities, and is to include swept paths for waste collection vehicles entering and exiting the site. The report is to be to the approval of the City of Darwin, to the satisfaction of the consent authority.

5. Prior to the commencement of works (including site preparation) a waste management plan in accordance with Council's Waste Management Policy is required to be submitted, to the requirements of the City of Darwin, to the satisfaction of the consent authority.
GENERAL CONDITIONS

6. The works carried out under this permit shall be in accordance with the drawings endorsed as forming part of this permit.

7. An Occupancy Permit under the Building Act shall not be granted until such time as Lots 1287, 1288, 1295 and 1296, Town of Darwin, have been consolidated and a new title issued in respect of that consolidated allotment.

8. All works recommended by the Traffic Impact Assessment report are to be completed to the requirements of the City of Darwin, to the satisfaction of the consent authority.

9. Any developments on or adjacent to any easements on site shall be carried out to the requirements of the relevant service authority to the satisfaction of the consent authority.

10. The owner of the land must enter into agreements with the relevant authorities for the provision of water supply, drainage, sewerage facilities and electricity, and telecommunication networks to the development shown on the endorsed plan in accordance with the authorities’ requirements and relevant legislation at the time.

11. Stormwater is to be collected and discharged into the drainage network to the technical standards of and at no cost to the Council, to the satisfaction of the consent authority.

12. The kerb crossovers and driveways to the site approved by this permit are to meet the technical standards of, and be at no cost to the City of Darwin, to the satisfaction of the consent authority.

13. The owner shall:
   (a) remove disused vehicle and/or pedestrian crossovers;
   (b) provide footpaths/cycleways;
   (c) collect stormwater and discharge it to the drainage network; and
   (d) undertake reinstatement works;
   All to the technical requirements of, and at no cost to, the City of Darwin, and to the satisfaction of the consent authority.

14. Before the use or occupation of the development starts, the areas set-aside for the parking of vehicles and access lanes as shown on the endorsed plans must be:
   (a) constructed;
   (b) properly formed to such levels that they can be used in accordance with the plans;
   (c) surfaced with an all-weather-seal coat; and
   (d) drained;
   to the satisfaction of the consent authority.
   Car spaces, access lanes and driveways must be kept available for these purposes at all times.

15. No fence, hedge, tree or other obstruction exceeding a height of 0.6m is to be planted or erected so that it would obscure sight lines at the junction of the driveway and the public street.

16. Before the use/occupation of the development starts, the landscaping works shown on the endorsed plans must be carried out and completed to the satisfaction of the consent authority.

17. The landscaping shown on the endorsed plans must be maintained to the satisfaction of the consent authority, including that any dead, diseased or damaged plants are to be replaced.
18. All air conditioning condensers (including any condenser units required to be added or replaced in the future) are to be appropriately screened from public view and from view of neighbouring or nearby developments (or developments reasonably anticipated), located so as to minimise thermal and acoustic impacts on neighbouring properties and condensate disposed of to ground level in a controlled manner to the satisfaction of the consent authority. The use of angled louvered slats for screening purposes is acceptable, however the slat screening must be designed with a panel to gap ratio, such that the condenser units are not readily visible from any angle.

19. All balconies are to be internally drained and discharge is to be disposed of at ground level and in a manner consistent with stormwater disposal arrangements for the site to the satisfaction of the consent authority.

20. Storage for waste disposal bins is to be provided to the requirements of the City of Darwin, to the satisfaction of the consent authority.

21. Soil erosion control and dust control measures must be employed throughout the construction stage of the development to the satisfaction of the consent authority.

22. Each dual-key dwelling is to remain within the one unit entity (single ownership/single title) in the event that the development is unit titled.

NOTES:

1. The Power and Water Corporation advises that the Water and Sewer Services Development Section (landdevelopmentnorth@powerwater.com.au) and Power Network Engineering Section (powerconnections@powerwater.com.au) should be contacted via email a minimum of 1 month prior to construction works commencing in order to determine the Corporation’s servicing requirements, and the need for upgrading of on-site and/or surrounding infrastructure.

2. Notwithstanding the approved plans, all signage is subject to City of Darwin approval, at no cost to the City of Darwin.

3. Notwithstanding the approved plans, any proposed works (including landscaping and structures) within Council’s road reserve and Council land is subject to Council’s approval and shall meet all Council’s requirements, to the satisfaction of the General Manager of Infrastructure, City of Darwin and at no cost to Council.

4. The Environment Protection Agency of the Department of Lands, Planning and the Environment advises that construction work should be conducted in accordance with the Agency’s Noise Guidelines for Development Sites. The guidelines specify that on-site construction activities are restricted to between 7am and 7pm Monday to Saturday and 9am to 6pm Sunday and Public Holidays. For construction activities outside these hours refer to the guidelines for further information.

5. Approval must be submitted to the Department of Defence for any cranes used during construction that will infringe on either the Obstacle Limitation Surfaces (OLS) or Procedures for Air Navigation – Operations (PAN-OPS) surfaces for Darwin Airport.

6. Separate approval may be required from the Department of Defence under regulation 10 of the Defence (Areas Control) Regulations (DACR). Until such time as an approval is obtained the
applicant is not to construct any structure on the site that exceeds 45m above ground level. Please refer to regulation 8 of the DACR, which outlines the application process and the information required. A copy of the regulation can be obtained at http://www.comlaw.gov.au.

7. The developer is required to contact ‘Dial Before You Dig’ on 1100 to obtain a location of the Telstra Network and arrange for any relocation if required. The Telstra contact for relocation work is the Network Integrity and Compliance Group on 1800 810 443.

8. You are advised to contact the relevant service provider prior to construction works commencing in order to determine the relevant telecommunication network servicing requirements for the development, including the potential requirement to provide fibre ready telecommunication facilities.
